

Map of Island Creek

Chad Conway's Eagle Scout Project

Chad Conway, a member of Boy Scout Troop 62, completed his Eagle Scout Project in 2007. The project consisted of clearing Island Creek of debris to make it more passable for fish, and the creation of the information board and educational material. He designed the structure, compiled the materials to be displayed, and constructed the board with the help of many volunteers. He would like to thank the following for their help and donations: Goodrich Lumber, Scott Sirois, Duxbury Department of Public Works, Battelle Laboratories, Weston Graphics and Copeland & Sons Lumber Company.
